

## NEWS AND VIEWS . . .

### And What Have You

By BOB CRAIG

Mrs. Ruby Moore of the BCD brought the following letter into the office this week and, because it has nice things to say about the people of Hamlin, we are printing it here.

The letter is from the Don Harris family of Pampa, Texas, and reads:  
Dear Sirs,

When we were on our vacation this month, we had occasion to stop in your town of Hamlin. It was a wonderful and refreshing experience. Everyone was exceptionally friendly, not just the employees of the store but even the customers and people on the streets went out of their way to smile and speak.

We just wanted to take this opportunity to tell you what a pleasure it was to have been in your town.

Sincerely,

The Don Harris Family

We can only hope that everyone that passes through Hamlin feels this way about our city.

The announcement that football training will get underway here the middle of next month, and the issuing of the annual "Texas Football" magazine can only mean one thing, and that is that football season can not be far off.

As we have probably mentioned in this space before, we always view this with mixed emotions. We always look forward to football season with all of the excitement and thrills that it brings, but at the same time it also means the end of summer.

Our family never seems to be able to do all of the things in the short span of a summer that we would hope to do. It seems like only yesterday that the kids got out of school and already they are trying to get things lined up to start back again.

But back to the football magazine, we guess that everyone by now has seen that we are picked to come out about in the middle of the heap by this first of the pre-season polls. Of the three new teams added to the district only Coleman is rated very strong — picked third. Both Ballinger and Merkel are listed farther down the line.

Winters is picked to bounce back from their 2-8 season last year to come out on top, closely followed by Stamford, Haskell and then Hamlin.

But since these predictions are made so early in the season, it is always more interesting to see how the teams rate at coaching school and by area newspapers.

We have not had a chance to look over any of the teams or what they will have back, but based on past performances we would make at least two changes. That would be to put Ballinger at least up where Coleman is and move Coleman at least as far down as where Ballinger is rated.

Watching the papers and listening to the people we believe that most of us in Texas — and particularly in West Texas are opposed to gun control and gun registration and we are also sure that many have written their senators and representatives expressing this view.

While sometimes it is necessary to be against something we have always felt it is better to be for something that will help solve a problem and we do have a problem with guns.

We would like to see the public come out in support of a bill that has been introduced in both the House and the Senate. The bill in the Senate is by John Tower and we are not sure who is sponsoring the bill in the House.

The bill we would urge support for is a bill to make it an additional, punishable crime to use any firearm in the commission of any felony that breaks federal law.

It would provide a mandatory jail sentence as punishment for any federal crime committed with a firearm.

As Senator Tower points out, "It is clear that for the peace and security of the rest of our nation, the criminal must be disarmed." And we feel that this is a step in the right direction even though there are only a limited number of crimes that come under Federal control.

We would hope that such a bill would be introduced in the Texas legislature

**HAMLIN ALL-STARS** — The Hamlin All-Stars, coached by C. W. Squires, left, and Jack Harugthy, right, were beaten by the Stonewall Kent All-Stars, 3-2, at Rotan Thursday evening in the second round. The team included, left to right back row, Ray Scifres, Tony

Franklin, Jim Johnson, Johnnie Jones, second row, George Washington, Larry Mays, Steven Mackey, Tracy Rowland, Danny Lujan, front row, Hershel Houghton, Johnny Seay, Ricky Harugthy and Tony Mackey. (Photo by Bill Johnson)

## Bob Clifton, Bill Hodnett Get Several Top State FFA Awards

Bob Clifton and Bill Hodnett brought home several awards from the 40th annual Texas Future Farmers of America convention held July 17-19 in Lubbock.

Clifton won the 1968 Texas and Southwestern Cattle Raisers Assn. award as an outstanding FFA member. The Association supports the award to encourage youth to enter and improve the beef cattle business. This award includes a \$25 scholarship.

He was also named state winner of the National FFA Foundation Proficiency award for livestock farming. In addition to constructing a feed bin for livestock feeding, he installed a water system for the various pens, and maintained detailed records on his livestock operations. A scholarship of \$100 goes with the award.

Clifton is the son of Floyd Clifton and Mrs. B. C. Gar-

rison of Odessa.

Hodnett, son of Mr. and Mrs. Wayne Hodnett, was named Star Chapter Farmer of Area II. The award is for the top second year FFA member in the area. His program includes eight head of swine for pork and breeding purposes, four head in beef breeding projects, cotton totaling 12 acres, 20 acres of wheat and 20 acres of grain sorghum.

He also won a trip to the national FFA convention to be held in Kansas City, Mo., in October. The fourteen state winners were selected for their outstanding agricultural production records, leadership and scholastic achievements. The award is part of the Santa Fe Education Awards.

Winning the bid for state president was Bill Sarpalus of Clarendon. He was a member of Boys Ranch FFA Chapter. Arlene Lucas, 16, was

elected state sweetheart.

Bob Burns of Carrizo Springs won the public speaking award with his presentation "Our Secret Weapon Against Communism."

Larry King of Anson, Area II, was elected the outstanding student vice president of the year.

More than 5,000 FFA members from throughout the state attended the convention.

Others attending from Hamlin were Ronnie Nelson, Edward Johnson, Spencer Ford, Keith Johnson, Mark Madden, Guy Clifton, and Chapter advisor Milburn Wink.

## New Saturday Office Hours Set By Post Office

Postmaster Perry Sparks announced this week a change in the Saturday schedule for the Post Office. The change will only affect the office operation and does not change either the city or the rural routes.

According to new Department orders the local office will be open from 8 a.m. until 10 a.m. for the issuing of General Delivery mail and for boxholders to pick up parcels. No stamps or money orders will be sold on Saturday.

The change will not affect the Monday through Friday operation of the office. This change is part of nation-wide economy move by the Post Office Department and is in effect for all Post Offices.

## Oak Grove Church Homecoming Held Here Last Week

Homecoming services at Oak Grove Baptist Church were held Wednesday through Sunday afternoon with Rev. M. H. Harris of Bryant as guest speaker.

Many out of town guests attended the services.

Thursday evening following the service the deaconesses gave Mrs. I. J. Starr a surprise birthday dinner party. Mrs. Starr told the ladies it was the most pleasant surprise she had ever had and expressed her appreciation for their thoughtfulness. Among the gifts was a cash gift from the deaconesses, senior mission and other members and friends.

Mr. and Mrs. C. W. Garrett Sr. of Bethany, Okla., are visiting with Vera Bigham, Clarence Garrett and other relatives.

MRS. C. P. YATES

...rites here Saturday

## Longtime Area Resident, Mrs. C. P. Yates, Dies Here

Mrs. C. P. Yates, 83, an area resident since 1906, died at 7:45 p.m. Thursday at Hamlin Memorial Hospital. Services were held at 10 a.m. Saturday at the First United Methodist Church. Rev. Cecil Hardaway, pastor, officiated.

Mrs. Yates had been ill three weeks.

Born Laura U. Haskew in Albany, she was the daughter of the late Mr. and Mrs. Clay Haskew. She attended school at Old Glory.

She was married to Clarence P. Yates at Rayner in Stonevall County in November, 1901. They moved to McCauley in 1906 and to Hamlin in 1942.

Her husband, a retired cotton buyer, died July 5, 1965. She had lived at 1007 N. W. 3rd since the death of her husband.

She was a member of First United Methodist Church and had been a member of Eastern Star for over 50 years.

Survivors include one son, Lewis C. Yates of Hamlin and Mrs. N. D. (Bessie Lou) Miers of Hobbs, Tex.; two grandchildren and two great-grandchildren.

Burial was in Mount Hope Cemetery near Anson.

Pallbearers were Leldon Clifton, J. C. Turner, Jap Kemp, Hollis Madden, Arlie Cassle and Jimmy Edgington.

## 'Cow Pokes' Joins Herald This Week

A long time favorite of West Texans, Ace Reid and his "Cow Pokes," will become a weekly feature of the Herald beginning this week.

The weekly cartoon, depicting West Texas ranch life, is being sponsored by the F & M National Bank.

## Sparks to Retire, W. L. Hunter Named Acting Postmaster

Congressman Omar Burleson announced today that he will appoint Mr. Walter L. Hunter Jr. as Acting Postmaster at Hamlin, upon the retirement of Mr. Perry Sparks, who will retire August 31, 1968.

Mr. Hunter has served in the

Hamlin Post Office since July 1, 1950, and has been highly endorsed and recommended by a great number of residents of the City of Hamlin.

Upon appointing Mr. Hunter, Congressman Burleson noted that by appointing an employee of the Post Office to the Acting Postmaster position, there would be no disruption of services to the patrons of the Post Office, and gave assurance of a continuation of fine and capable service.

## Local Pool To Close Aug. 3

The Hamlin Foundation Swimming Pool will close Saturday, Aug. 3, according to Dan Truelove, operator.

Swimming classes have been completed with a record number of 63 participating during the season.

Truelove reported good attendance so far during the season, and said if attendance continued to be up through Aug. 3 the Foundation should realize a profit, making it possible to make improvements to the facility for the following year.

The Foundation voted earlier in the season to close the pool after June and July because the trend is to have a profit for this period and then show a marked decline in attendance and loss of income during August.

Truelove reminds all members that the current swimming membership tickets must be used this season and will not be valid next year.

## N. L. Brandon, 69, Dies Tuesday In Breckenridge

N. L. (Tuck) Brandon, 69, a former Hamlin resident, died at his residence in Breckenridge at 10 a.m. Tuesday.

Funeral services were held at 2 p.m. Wednesday in the Chapel of Memories at Melton Funeral Home. Rev. James Thomas, pastor of the First Baptist Church, officiated.

Burial was in Breckenridge Cemetery.

Born June 5, 1899, at Gorman, he was married to the former Janie Ruth Welch in Brownfield, July 3, 1928.

He moved to Breckenridge in 1938. He lived in Hamlin for some 15 years. He returned to Breckenridge last year. He retired four years ago.

In Breckenridge he was a tool dresser for Don Morris Drilling Company and a pumpjack for J. D. Sanderfer, an independent oil operator.

He was a member of the Baptist Church.

Survivors include his wife of Breckenridge; one daughter, Mrs. Stanley Davis of Breckenridge; two sons, Horton W. of Petersburg, James D. of Abilene; two sisters, Mrs. Mattie Allen of Breckenridge, Mrs. Hettie Judd of Cleburne; one brother, Harvey L. of Fort Worth; and nine grandchildren.

Pallbearers were Gerald Allen, Wesley Hill, Bryan Halliburton, Don Compton, Dennis L. McDonald and Elmore Oldham.

## Three Jones County Youths To Attend Citizenship Seminar

Three high school students from Jones county will attend the sixth annual Texas Farm Bureau Citizenship Seminar July 30 — August 3 on the Campus of Baylor University in Waco, according to Joe Howle of Hawley, president of the Jones County Farm Bureau.

The students are Bob Doty, son of Mr. and Mrs. Mack Doty of Lueders-Avoca, Gil Lain, son of Mr. and Mrs. Dale Lain of Hamlin, and Marilyn Maxwell, daughter of Mr. and Mrs. Billy Maxwell of Noodle.

The annual training school for high school junior and

REV. BOB SENA

...new mission pastor

## Rev. Bob Sena New Mexican Mission Pastor

Rev. Bob Sena is the new pastor of the Baptist Mexican Mission, coming here from Halfway, Tex.

A graduate of Wayland Baptist College in Plainview, he served as pastor of the mission at Fieldton prior to his marriage to the former Priscilla Urquidez of Carlsbad, N. Mex. He then pastored the mission church at Ropesville before going to Halfway.

The couple has one son, Roy Bob, who will be one year old Aug. 6. They live at 620 N. Central.

Mrs. Sena is also a graduate of Wayland College.

## Clyde Flenniken Enters Scottish Rite Hospital

Mr. and Mrs. T. W. Flenniken left Tuesday for Dallas to enter Clyde in Scottish Rite hospital at 8 a.m. Wednesday.

Surgery to correct the curvature of the right leg will be scheduled after he enters the hospital. The Flennikens will be able to visit with him only from 2 to 4 on Sunday afternoons and for 15 minutes following the surgery.

They expect him to be in a cast for eight weeks.

The hospital is at 2201 Wellborn Street in Dallas.

Mrs. Ray Sonnenburg and Mrs. Jack Russell were first place winners at the Tuesday evening meeting of Hamlin Duplicate Bridge Club. Mr. and Mrs. Henry Albritton were second and Mrs. D. A. Bates, Jr. of Dallas and Mrs. L. W. Shivers were third.

EDGAR DUNCAN

... returns Monday

follow-through.

The project is a Baptist effort to reach for Christ the mushrooming population of the Western Hemisphere. Baptists feel that in this Space Age, it is important for the gospel of Christ to be preached with renewed vigor to the 292 million people in North America and 165 million people in South America.

Representatives from 65 countries made up the 2500 official delegates of the Congress that went to South America.

# Farmers Reminded During Special Week of Accident Costs

Time spent eliminating hazards and unsafe practices could well be the most important undertaking on the farm this year. Because, points out County Agent Kirby Clayton, farm accidents cost the Nation almost \$2 billion each year.

The week of July 21 has been designated, he adds, by President Johnson as National Farm Safety Week and a time when farm families are urged to take a closer look at their own situation.

"When our Nation was very young, a man wrested a living from the land as best he could. His tools were primitive, his productivity low. He was fortunate if he could feed his family and have a little left over to sell.

"Today the technological revolution has made the American farmer food supplier to the world. His produce feeds his family, his neighbors, his

countrymen, and thousands abroad. Yet that same revolution has brought unforeseen dangers. Modern farming is a complex and highly skilled profession. It is also a hazardous one.

"Agriculture currently ranks third among our industries in accidental death rate. Thousands of farm residents are killed very year in accidents. More than 700,000 others are disabled. The cost to the Nation is almost \$2 billion. The cost in anguish is incalculable.

"This shameful waste must stop. It will stop when safety has become the conscious concern of all who work to produce America's great agricultural abundance," so said President Johnson in his proclamation.

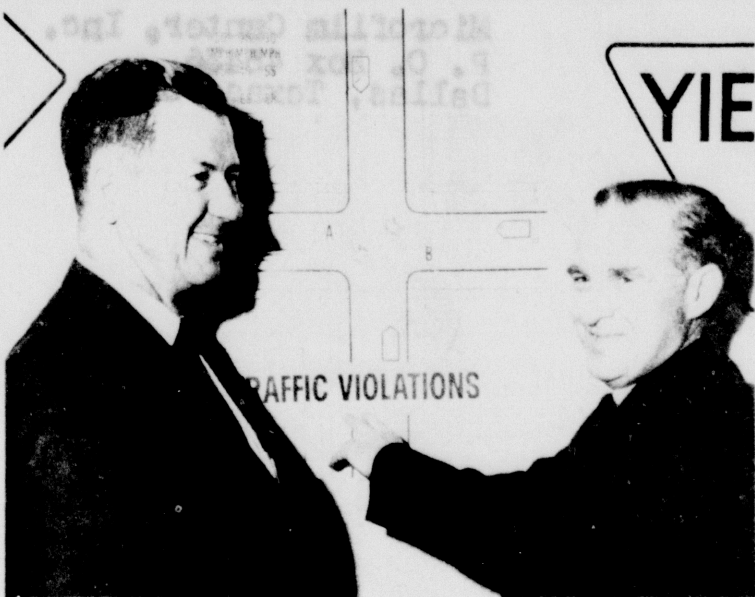

He further asked that all persons living on farms, and those persons and groups serving or allied with agri-

culture, intensify their individual efforts to curtail and halt accidents where and when possible at work, in homes, at recreation, and on the public roads.

Mr. and Mrs. Miller Harmon, Susie and Becky moved early this week to Butler, Ala., where he will be process engineer for American Can Company. He was formerly quality supervisor for Celotex Corporation here.

THE President of the Texas Safety Association, E. E. Edmondson, Jr., Houston, left, shares the enthusiasm of Nils A. Lofgren, Acting President, Insurance Institute for High Safety, Washington, D. C., as he points out ways to cut the traffic accident toll in Texas by citing some of the problems. On a diagram of a typical intersection, Mr. Lofgren points to traffic violations as a major contributing factor in intersection crashes. The IIHS representative was on hand to present a \$12,500 check to TSA as part of a \$25,000 grant from IIHS to be used to further the cause of traffic safety in Texas. Supported by more than 500 insurance companies, the IIHS provides technical assistance and financial support to safety organizations throughout the

## Too Old To Plow

Judging from a report by the Texas Safety Association on fatalities caused by tractor accidents, farm folks over 40 may be "too old to plow." The Safety Association has reported that a study of tractor fatalities occurring in Texas during the past three years shows that over three-fourths of the farm residents killed in tractor mishaps were past middle age. Although predisposing physical factors may be involved in some of these accidents, the Safety Association says that most of the tractor accidents were the result of poor work habits and failure to use proper protective equipment.

It is significant to note that most of these accidents occurred during the period between noon and sundown, indicating that the older farmers may be overdoing. The man who farmed with a horse and walking plow had a built-in safety factor not found on today's mechanical equipment. When the horse became tired, he had to have some rest—and the farmer got some too. Unfortunately, tractors don't get tired and today's farmer does not get an automatic "safety break."

Farm Safety Week is being observed throughout the state and nation July 21-27, and perhaps this "official" week is a good time for all farmers to examine their work habits, seek out better and safer ways to do their jobs and apply some "horse sense" in their daily living. Isn't accident prevention, in the final analysis, mainly a matter of common sense?

## DON'T 'HOT-ROD' FARM TRACTORS

Tractor upsets on level ground occur much more frequently than most farmers realize, the Texas Safety Association

says. Speed "too fast for conditions" is the chief offense in most cases. Tractors have been known to tip on level ground at only eight miles per hour—half the top speed of most tractors in use today.

## READ AND HEED CHEMICAL LABELS

Mishaps with agricultural chemicals—which are highly toxic and can be dangerous—usually do not occur when directions on the container label are strictly followed, the Texas Safety Association says. Proper use, careful storage and disposal are equally important, especially to insure the safety of children and animals around farms.

## BARN BURNING

One-third of the property losses on farms are caused by fires to barns and their contents, the Texas Safety Association reports. Spontaneous ignition from overheating of newly stored hay is among the major causes of barn fires. Inspect hay daily for several weeks after initial storing.

## DUTIES VARIED

A farmer must be many kinds of a craftsman. That's why, the Texas Safety Association says, to work safely he must follow the safe practices developed in many different industries.

MRS. JAMES RAY HULSE  
formerly Helen Kay Hastings

## Hastings-Hulse Vows Read Here Friday

Helen Kay Hastings, daughter of Mr. and Mrs. Ester Hastings, became the bride of James R. Hulse, son of Mrs. Zelma Hulse of Sweetwater, in a home wedding Friday evening.

Rev. Roy Wayne Stout, pastor of the Bronte Baptist Church officiated. Mrs. Freddy Young was organist.

Given in marriage by her father, the bride wore a street-length dress of embroidered lace with long sleeves and satin trim and buttons. Her lace headpiece held the shoulder-length illusion veil that was edged with lace. She carried a gardenia and carnations atop her grandmother's Bible.

Mrs. Bobby Kiser was ma-

tron of honor for her sister. Mrs. Danny Warner was bridesmaid. Melissa Kiser, niece of the bride was flower girl and Steve Hastings, brother of the bride, was ring bearer.

Attendants' dresses were ball coral A-line dresses of georgette crepe designed with long sleeves. They wore matching bow headpieces and carried a single long stemmed gladiola.

The reception followed the ceremony.

Joe Hayes of Lubbock was best man. Billy Sellers of Abilene was groomsman.

After a wedding trip to Brownwood the couple established residence at 1102 Hickory in Abilene where he is employed by Life and Casualty Insurance Co. of Tennessee.

The bride, a graduate of Hamlin High School, attended Stenograph Institute of Texas in Abilene. She was employed in the dietary department at Hendrick Memorial Hospital. Hulse is a graduate of Sweetwater High School and Cisco Junior College.

Out-of-town guests were Bronte, Sweetwater, Anson and Lubbock.

Mrs. R. L. Boiles Sr. met her children at Lake Sweetwater for a picnic last Sunday. Attending were R. L. Boiles Jr. and family, Troy Boiles and family, Mrs. Helen Spencer and family, a grandson, Marvin Ray Yates and family of Fort Worth, Mrs. Kathy Rodriguez and family of Abilene and a guest, Mrs. Vera Gilbert of Hamlin. They enjoyed a picnic lunch, boating and skiing.

Mr. and Mrs. Delton Jackson, Keith and Kyle, Mr. and Mrs. Johnny Jeffrey, Julie and Joe Don spent the weekend at Sandy Beach at Lake Brownwood.

### COCONUT CHEESE CAKE

This is not a "light" dessert, but you will receive so many compliments and demands for the recipe when you serve it to your guests, all calories will be forgiven.

**CRUST:** Mix 1 1/4 cups vanilla wafer crumbs with 1/4 cup softened butter or margarine. Press into an 8" pie pan. (Save a few crumbs to sprinkle over the top when done.)

**FILLING:** Mix an 8-oz. package of cream cheese with 1/4 cup of sugar. Add 2 Tbsps. of lemon juice, 1 tsp. vanilla and 1/4 tsp. salt. Then add 2 eggs, beating well after each addition, and 1/2 cup Griffin's Fancy Shred Coconut. Pour into crust and bake in 375° oven for 25 to 30 minutes. Test as you would for custard pie. Remove from oven and let cool about 5 minutes.

**TOPPING:** Combine 1 cup sour cream with 2 Tbsps. sugar and 2 Tbsps. lemon juice. Beat together well and spread on top of cake. Decorate with crumbs and more coconut. Chill in refrigerator several hours before serving.

## Bell-Ringing Cottons

**CAREFREE**—Classroom-bound is fashion's newest silhouette: the low-belted dirndl, interpreted in plaid cotton with a durable press finish. Just pop it in the washer, spin dry, and it's off to another busy school day. By Cinderella.

**NEAT**—No shirt-tail problems here. These two-toned cotton denim jeans are designed with an elastic webbed waistband that holds the shirt in. Cone Mills' sturdy denim comes in shades ranging from coffee to black olive. By Bumble Beezzzz.

**FIT 'N FLARE**—Paisley makes the grade with flying colors of royal blue and orange. In Lowenstein's durable press cotton oxford, it's styled with puffed sleeves and Eton collar. By Cinderella.

## Health Dept. Warns of Dangers Of Rabies, Urges Pet Vaccination

Is rabies a thing of the past?

Don't bet your life on it, says the Texas State Department of Health, Statistics and activities of the Health Department indicate otherwise.

"Rabies in man is always fatal," said Dr. James E. Peavy, state commissioner of health, "and for that reason prevention is the only cure."

A big step in prevention is vaccination of pets. "Vaccination of pets takes on a more vital role when you come to realize that most rabies treatments received by humans have come from exposure or possible exposure to pets," said Dr. Peavy. He noted also that rabid pets normally expose the people closest to them — their masters or neighbors.

Among the animal heads examined for rabies last year, 385 were found to be positive for rabies upon laboratory

examination by the State Health Department. Another 16 cases were affirmed on military bases following examination at the Fort Sam Houston laboratories in San Antonio.

Of the 385 cases, 86 were dogs; 32, cats 27, foxes; 152, skunks; 44, bats; 24, bovine; and 20, other species. Six horses and seven raccoons were found to be positive among the "other" species in 1967.

Communities and individuals have their greatest opportunity to prevent the spread of rabies among pets and on to humans by means of vigilant anti-rabies vaccination programs and stray dog control.

Health authorities feel that a community is adequately protected from an outbreak of rabies when 70 per cent of the pet population is vaccinated. But most urban areas

in Texas have attained only a 10 to 15 per cent vaccination record.

### BIRTHS

Mr. and Mrs. John Ledesma are parents of a son, Robert, born July 18 at 5:45 a.m. He weighed 7 lbs. 13 oz.

**RESTOCK THAT LINEN CLOSET AT LOW PRICES! CHARGE IT!**

"Whatsoever Things"

By DONALD E. WILDMON

In Chicago Police Lt. Emmett J. Mc-Morrow rushed to a currency exchange and arrested a man who later was charged with armed robbery. "Everything seemed sort of familiar," said Mc-Morrow. And it should have. He arrested the same man 20 years earlier on the same charge and—you guessed it—at the same currency exchange!

And then up in Idaho another strange incident happened. A bottle tossed into the Portneuf River was found 38 years later by workers on a Pocatello flood control project. Inside the bottle was a yellowed note: "This bottle was thrown into the Portneuf River at Pocatello, Idaho, March 31, 1930. Finder please write to Eva Brockway, Robert Brockway and Mayme Brockway." The workmen contacted a retired railroad engineer, Clarence Brockway, of Pocatello. He said that Mayme was his wife. Eva was his daughter, and Robert was his son.

Back several hundred years ago a fellow by the name of Koheleth, who was a preacher, said these words: "Cast your bread upon the waters, for you will find it after many days." Maybe the two incidents above are evidence of this truth. But the truth of the statement covers more than incidents like those. There are other things that come back to us if and when we cast them.

One of the things that comes back to us is the good that we do. The good that we do is never wasted no matter how much it may seem like it is. And the good we do will come back to us eventually. It doesn't always have the fairy-book ending that we like to place with it but our good will return to us.

And love is another thing that if we will cast it upon the waters of human experience will return to us. The best way to be loved and lovely is to love. Fact about the business is that it is the only way. You see, if we will love them we will be loved. It is just that simple.

The Man of Galilee said that with what judgement we judge, we would be judged with. You see, if we do good people will do good to us. And if we love, then people will love us. He wasn't the first to say it, but He was the first to put it in the proper setting when He said, "Do unto others as you would have them do unto you." That may seem childish, and too simple, and old-fashioned, and out of step with modern man, but it is true. It is still one of the best rules on which to build one's life. J. C. Penney believed in it so much that he built a financial empire on it. Ever heard of the "Golden Rule Stores"? They were the forerunner to the J. C. Penney stores.

One indisputable law of life we need to learn early is this—whatever we cast upon the waters of life will come back to us. It would be a better world if all of us would learn that. Maybe then we would cast out bread that we would like to get back.

—FIVE STAR FEATURES

Neinda Philosopher Working On Plan to Strike Against Strikes, But He Lacks A Few of the Details

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One assigns himself a hard task this week, but he'll probably dodge it.

Dear editor:

I have been keeping tab on it in the last few month's run of newspapers turning up out here on this Johnson grass farm and to the best of my reckoning the only group in this country which hasn't had a strike or a threat of a strike is the kindergarten pupils, and they may walk out tomorrow.

You name it and they have struck: telephone workers, steel workers, Broadway actors, television announcers, college students, convicts, airline pilots, school teachers, Olympic runners, printers (Detroit hasn't had a daily newspaper in 8 months), chorus girls, railroad workers — there are a lot more but I used the paper I had them written on to clean the dip stick when I was checking the oil in my tractor, and can't read the rest. It was two quarts low. Had it been empty, I could have finished the list.

However, I guess the strike that topped them all was the one by the professional football players.

This strike disturbed a lot of people, who claim the game never will be the same. "When they're in the huddle," one man asked me, "how will we know whether they're calling a play or a strike?"

I can't tell him, I have no answer to the problem, and when a man has no answer to a problem he appoints a committee. This country has so many committees out now studying problems we may have to appoint another committee to see what they're hung on.

What I'm hung on now is finding something I can strike against, but the field is limited. I've tried striking against work but every time I do the only result I can see is that the work just piles up.

I have enlarged my thinking and am now working on a plan where the rest of us can strike against strikes, but I haven't worked out the details. Will give it some more thought. If any of you Herald readers have any ideas, write me at once.

Yours faithfully,  
J. A.

Fisher County Names Six 4-H To Attend Training

Fisher County Extension Agents Mrs. Alice Ballenger and Richard A. Spencer have announced the names of the six 4-H club members who have been chosen to attend the State 4-H Club Junior Leadership Laboratory at Brownwood July 29 - August 3. The Lab is sponsored by Pennzoil United, Inc. in co-operation with the Texas Co-operative Extension Service.

The delegates are Jerry Mash; Mike Heron; Donald Sheffield; Aletha Morgan; Peggy Ann Coffman; and Gina Eaton. They were among the 72 delegates selected from each of the 12 Extension Districts in the State on the basis of past performance in leadership and citizenship in their respective counties.

Surgical dressings are made from cotton lint.

# What a Mess!

Sometimes the desire to run out the door and chuck it all is overpowering when we are confronted with the mess of an after-dinner table!

Sometimes, insight lets us see that our lives are quite a mess too. In fact, things seem such a jumble, that our reaction to this truth, if acknowledged, is, "What's the use?"

Well, of course, the only thing to do with the dishes is to take them to the sink, put them in hot water, and wash them with a good cleansing agent until they shine.

Less obvious, perhaps, is what to do with a messed-up life. We invite you to seek an answer in church this week. You are sure to find there the Power who will help you with your problems, a power who cares immeasurably for your soul.

*"Casting all your care upon him, for he careth for you."* I Peter 5:7

*"And the crooked shall be made straight, and the rough places plain."* Isaiah 40:4b.

Coleman Adv. Ser.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Ser.

## Don't swelter this Summer

# COOL IT!

with FRIGIDAIRE room air conditioning

Remember last summer's sizzling hot, muggy weather? Remember how you suffered on your days at home, and all through those long, long nights? Well... don't swelter through another summer! One simple decision, and you've solved all the heat problems the FRIGIDAIRE electric refrigerated room cooler! The cost is so little... from \$3.00 to \$5.00 a month for a half-ton size, up to \$9.00 to \$15.00 a month for the huge one-and-a-half ton size.

## Fabric's the Key

OLD WORLD SETTING—A Portuguese tile design reproduced on cotton gives a European flavor to this dining area. The fabric is used for curtains, a counter dado, and covers a panel to simulate a portion of tile wall. A touch of brilliant green in the predominantly blue and orange tile design is repeated in chair cushions. Fabric by Schumacher.

## YEARS AGO--

### 51 Years Ago—

(1918 files missing)  
(Friday, July 27, 1917)  
There has been no let up in the attendance at the meeting this week. There have been a goodly number of conversions and backsliders reclaimed Tuesday night a big patriotic service was held in honor of the young men called to the colors. The tabernacle was decorated with flags, and patriotic and inspirational songs were sung. Evangelist Stone used the character of "Daniel" as a subject and delivered a truly great sermon. A great congregation was present and enjoyed the service.  
Owing to other engagements and physical exhaustion of the evangelist they went home Thursday morning. Evangelist Stone is a man of great personality and force, besides having studied much and acquiring great learning. He has traveled extensively also. The singer, Smith, is not only a good soloist, but he knows how to get singing done both by the congregation and choir.

The rains of last week furnished the Moore lake with enough water estimated to run the city for two months time. The new lake has quite a lot of fine water but there is no connection with the mains and not much chance to let it out into Moore Lake.  
At a meeting of the Commissioners court last week the county tax rate was fixed at 65 cents on the \$100 valuation. Last year the rate was 55 cents, but the present rate cares for the special road tax of 15 cents on the \$100 valuation.

### 25 Years Ago—

(July 23, 1943)  
Rev. H. E. East, First Baptist Church pastor, resigned Wednesday night and will pastor the Tulsa church.  
Rev. L. L. Trott, pastor of First Baptist Church of Rottan, will preach both services this coming Sunday.  
Dr. Robert L. Long, head of the Bible department of McMurry College, will preach at the Methodist Church.  
Monday, Mr. Ira Y. Rice, Sr., of Norman, Oklahoma, began a two weeks' singing school at the Church of Christ, under the auspices of the church. It is one school that is free to those who want to learn how to sing. Everybody is invited to come learn the fundamentals of music.  
Miss Mildred Holt and little Miss Virginia Ann Holt returned Monday from a visit with Mr. and Mrs. J. C. Holt in Odessa. They had been there since July 2. Virginia had an operation for the removal of tonsils and adenoids.  
Mr. and Mrs. Marvin York of Dallas came up Monday for the week with their parents, Mr. and Mrs. M. T. York.  
The Canning Center at Boyd Chapel, supervised by R. A. Campbell of the Hamlin School Vocational Department, closed Thursday.  
Over 1,000 jars of vegetables have been canned. People enjoyed working together so much under the instruction of Mrs. C. D. Bingham and Mr. Campbell.  
Mr. and Mrs. J. H. Foster spent the past two weeks visiting relatives in Blanco and Austin. They said while down that way it rained six inches in two days.

### 10 Years Ago—

(July 24, 1958)  
Use of city water in Hamlin will be limited to regular household necessities from Wednesday night through Saturday morning it is announced this week by Mayor L. H. McBride.  
Changes in the location of the big 12-inch water main line from Stamford to Hamlin are being made during these days in order to comply with the relocation of the new Stamford-Hamlin highway, so water in the line will be cut off from 10 p.m. Wednesday until 10 a.m. Saturday.  
Mrs. L. P. Cozzens of Abilene is visiting this week in the home of Mr. and Mrs. Clarence Bailey. Mrs. Cozzens is Bailey's aunt, and is 92 years young.  
Rev. Gene Moore is the new pastor of Faith Methodist Church.  
Another pinch in the cost of living — and mailing — will be felt Friday of next week by people of the Hamlin territory and the rest of the nation, when postage rates will be raised on Aug. 1.  
First class letters will now go for four cents per ounce instead of the traditional three cents. Post and parcel cards will be increased from two to three cents.  
The Hamlin All-Star Little League baseball group played jam-up ball Tuesday night and clouted the Merkel delegation soundly to the score of 16 to 0 to take the second round of district play-off. The game was played on the Hamlin diamond before a rousing crowd of boosters for both teams estimated at 600 to 800 people.  
The roster of players: J. Fincannon, Butch Holland, George Smith, Van Newberry, Mark Smith, Gary Ted Jay, Jimmy Inzer, Dan Newberry, Cleon Warner, Kenneth Scott, Ronnie Sipe, Timmy Ingram and Spec Cox.  
R. L. McClung and Mac Fullerton are team managers.

### Midland Optimist Club Honors Son As Top Lawman

Kenneth Wayne Decker of Midland, son of Mr. and Mrs. M. H. Decker of Hamlin, was honored as Lawman of the Month by the Optimist Clubs of Midland.  
Decker, of the Narcotics Division of the Texas Department of Public Safety, was

presented the club award at a regular noon meeting in June.  
The 42-year-old lawman is a graduate of McCauley High School and attended special classes at the University of Texas and at the Federal Bureau of Narcotics in Washington, D. C.  
Decker joined the Department of Public Safety in 1952 and became a narcotics agent in 1955. He has been cited by numerous civic organizations

for his work with school age youngsters.  
In nominating Decker for the award, Midland County Sheriff Ed Darnell noted "Decker spends many hours visiting with parents and young people to help solve their problems. He devotes a lot of time to speaking before various groups to make them aware of the problems of narcotics."

### WORKERS AT FAULT

Mechanical failure rarely is responsible for an accident with modern farm equipment. The Texas Safety Association says studies show that nearly every accident results from an operator's mistake.  
Many of the new water-repellent finishes on cotton raincoats will take up to five dry-cleanings without having to be reprocessed.

NEWS FROM . . .

## Sylvester

By MRS. R. M. BABB

Beautiful Monday morning but I have an idea that it will get kinda warm before the day is over. We have missed all the rain this past week.

Mrs. Elsie Moffett has moved to Plainview for several years. We are glad she has moved closer to home, however, we wish she could have moved here in town, but understand her wanting to be closer to a good school.

Mr. and Mrs. J. M. Lanning returned Sunday after visiting their son and daughter-in-law Capt. and Mrs. Jimmy Lanning in El Paso. They have been fortunate enough to get to visit both their sons and daughters-in-laws in the last ten days. Moving kinda fast though, from here to N. C. and back here then on to El Paso and back.

Word has been received that Mrs. J. J. Self is very ill and there is a possibility of surgery. Hope to know more later. All the sons are there so I have no way of finding out the details yet.

Our sympathy to the Sanders family in the death of Mr. Sanders' brother in Sweetwater.

Mr. and Mrs. James Harvey

OUTDOORS  
IN TEXAS  
BY VERN SANFORD

One of the highlights of any hunting trip is eating the game after the kill. Yet much wild game goes to waste because it isn't prepared correctly.

Most people simply fry wild game. Actually, while frying is all right, it is one of the worst ways of preparation. Wild game is dry and frying only removes the natural juices.

Most wild game is best prepared where the otherwise lost juices are retained and used to best advantage. This certainly is true of small game like cottontail rabbits and squirrels.

Contrary to what you might have heard, cottontail rabbit is delicious. Some people are reluctant to eat rabbit because of the stories they've heard about various diseases that a rabbit may carry. But the danger is nil. Cooking removes germs. A cooked cottontail is as safe as any wild game.

A so-called "gypsy rabbit" is delicious. Here's the recipe:

Skin and clean a cottontail and cut into chunks. Place in a kettle with an ordinary bouquet garni composed of one large bay leaf, three sprigs of thyme and two whole cloves, all tied together with kitchen thread, and five medium-sized onions minced, chicken fat the size of a small egg, six crushed peppercorns, and salt to taste.

Cover with equal parts of water and red wine, bring to a rapid boil, lower the flame and let simmer very gently for 2½ hours without disturbing.

Then add 1½ cups diced carrots, 12 small white onions, 12 small fresh mushroom caps, peeled, and 18 small raw potato balls. Continue cooking, covered, until the vegetables are tender, or about 25 minutes longer. Remove the bouquet garni and thicken the mixture with two tablespoons kneaded butter (equal parts butter and flour kneaded together), adding one generous tablespoon finely minced parsley. Continue simmering for four or five minutes, then bring to a full boil and add dumplings.

One of the most popular recipes for squirrel is Brunswick stew. Take two or three squirrels and cut into quarters. Other ingredients are one quart tomatoes, one pint butter or lima beans, one pint corn, six potatoes, par-boiled and sliced, one-half pound butter, one-half pound fat salt pork, one teaspoonful black pepper, one-half teaspoon Cayenne, one tablespoon salt, two tablespoons sugar, and one small onion minced.

Soak the squirrel chunks one-half hour in cold salted water. Add the salt to one gallon water and boil five minutes. Now put in the onion, beans, corn, pork (cut in fine strips), potatoes, pepper and squirrels. Cover and stew very slowly for 2½ hours, stirring frequently to prevent burning. Add the tomatoes and sugar, and stew one hour longer. Then add the butter, cut into small bits about the size of walnuts and rolled in flour. Boil ten minutes and serve at once.

## Burleson Feels U. S. HemisFair Film Fails to Sell America

Omar Burleson, M. C. 17th District, Texas Washington, D. C. — San Antonio's HemisFair is more than just San Antonio's, it is Texas', the Nation's, the Western Hemisphere's and the World's.

By reason of it having been approved by the International Exposition Headquarters in Paris, it is international.

It is most impressive in all the ways that fairs may impress people but it makes impressions in more simple terms.

Some of those who are not Texans and lacking in bias, which those of us from Texas may have, are quick to comment upon the orderliness, its cleanliness, its courtesy, its lack of ballyhoo, which might otherwise be expected.

There is, however, one critical note. It has come under attack from numerous sources. It is the controversy of the film "Confluence USA" at the United States Pavilion. What does that mean? A coming together of peoples, a joining of forces — everything, nothing — but officials of the Department of Commerce, the Agency under whose jurisdiction comes exhibitions, fairs and expositions,

say that "world's fair films are not supposed to mean, they are supposed to be, like laughter or morning dew." When Mrs. Lyndon Johnson saw the film she is quoted as saying, "It lacks the element of hope." Former Ambassador Ed Clark, now Commissioner of the United States Pavilion at HemisFair, said "They had to pass up a thousand good things in America to find one of its bad things to show."

Not all officials of our government nor our citizens think it is bad. Some view it as a great film that just sweeps down on you and says "Look America — Look what you are doing to yourself". At a bend in the corridor on leaving the theatre, you see yourself on television with the caption "Are you a part of the problem?" and at the next turn another television picture of yourself above which is "Are you a part of the solution?"

This comes about after the film has shown many of the wonders of the United States — its great productive capacity, its beauties of nature, its enterprising people, its great flowing rivers and lakes, majestic peaks, waving fields of grain to feed millions in the world, its pulsing industry — comes the seamy side. It shows hunger and want, poor people and the disadvantaged, streams polluted by the refuse of our industrial plants, as well as the air from automobiles and smokestacks. It shows dead automobiles covering acres in junkyards; a newly married couple spend most of the day and night stuck in a freeway traffic jam in some great city.

The controversy, simply stated, is why show the bad or "seamy" side of America and does it mean that not to show it is a denial it exists?

Several years ago, when Edgar R. Murrow was appointed Director of the United States Information Agency for our Government's propaganda overseas, he introduced the idea that we should portray America exactly as it is to foreign peoples. When questioned on this policy his reply was that to honestly reveal them would be greater cause for them to believe the good things. Many of us disagreed and questioned him at length.

A good salesman never says "You don't want to buy any of this, do you?" He extols the virtues of his product. Advertising people try to put in words, music or pictures the merits of what they are trying to sell to make people want to buy.

To withhold the seamy side of America is not to deny we have a lot of it. But the point is that by portraying the best, it emphasizes the system of Government which is able to produce more things for more

people and where people are better off than any other place on the face of the earth.

It is not so important that we have more automobiles, more telephones, bathtubs, television sets and just about everything else than all the rest of the world put together. It is important to sell the idea that a free democratic society and a free enterprise system, made possible those wonderful accomplishments. It does not mean that our Nation is perfect but like individuals, we work toward perfection.

## Rep. Grant Jones Named Delegate

Representative Grant Jones has been designated by Speaker Ben Barnes to be one of those attending the Southern Conference of the Council of State Governments at Biloxi, Mississippi, July 23 through July 26. The Council of State Governments was created to provide State Legislators an opportunity of seeking solutions to problems that are common in the operation of our various states.

Mr. and Mrs. David Casey, Rita and Davey, and Mr. and Mrs. Joe Youngblood and Joey went to Ruidosa, N. Mex. over the weekend.

HAVE A NEW GRANDCHILD? That's news . . . Call the HERALD.

## Moffett Family Moves Here From Plainview, Tex.

A new Hamlin resident, moving here this week from Plainview, is Mrs. W. R. Moffett and three of her thirteen children.

Mrs. Moffett, the former Elsie Douglass, was born and raised in Sylvester.

Moving here with their mother are a son, Billy Moffett, and two daughters, Brenda, 15, a sophomore, and Cheryl, 14, a freshman. The family lives at 313 N. W. Ave. B.

Mrs. Moffett has four sons now in the service. Spec. 5 Danny Moffett, 23, is in the U. S. Army stationed at Fort Bliss at El Paso. Spec. 5 Larry Moffett, 23, is at Two Rock Ranch, near San Francisco. He is in the Army and recently served two years in Thailand.

Army Sgt. Terry Moffett, 20, will return next month from Pleiku, Vietnam after 18 months duty there.

A/2c Jerry Moffett, 20, is stationed at Forbes Air Force Base, Kansas. He will be home next month for a 30 day leave before reporting to a Vietnam assignment.

Another daughter, Sharon, a spring graduate at Plainview is employed this summer in Mineral Wells. She will join the family here in the fall.

Other children include two married sons and three married daughters.

Mrs. Moffett's mother, Mrs. Belle Douglass, and two brothers, Alfred and Thurman, and a cousin, Ross Douglass, all live in Sylvester.

## SIGHTLINES

Take It Off! Take It Off!

Too much of a good thing can be dangerous, especially if that good thing is sunglasses. Colored lenses are for daylight only, so remove them at sundown, declares the Better Vision Institute. If not, you may miss your footing and fall down a flight of stairs or suffer similar accidents. And no night driving with sunglasses, either.

"Solid As A Rock"

## Cotton Pickin's

ROLLING PLAINS COTTON GROWERS INC.

Most of the cotton planted for 1968 harvest on the more than 850,000 acres of cropland in the 32 counties of the Rolling Plains area is up and in excellent condition according to information received in the Rolling Plains Cotton Growers, Inc. office.

In most areas prospects for the 1968 crop are far above average for this stage in the production year, according to Charles G. Bragg, executive vice president of RPCG.

Heavy rains, damaging hail and blowing sand in some sections have forced producers to replant several hundred acres, as many as three and four times, in some isolated areas. Collingsworth County was hard hit only last week. But excellent moisture conditions, warmer and more stable weather resulted in rapid germination and excellent growth, Bragg said.

As yet there are no reports of serious infestations in the 32-county area. With average rainfall for the remainder of the season and no uncommon buildup of insect populations, Rolling Plains producers should gain about 525,000 bales from the current crop, Bragg believes.

This would be about 150,000 more bales than were ginned in the Rolling Plains in the past crop year. Even so, the long-range outlook for cotton producers in the Rolling Plains and the rest of the cotton growing areas of the nation

are not too rosy, Bragg said. "Cotton farmers must organize if they survive and prosper in our organized society," Bragg stated. "We must depend on the Congress to provide a sound legislative program. In view of the huge spending deficit, the war in Vietnam and pressures for expanded welfare programs, we are having a tough time getting agriculture a fair share of the Federal budget."

RPCG is now making a drive to improve its membership and influence by enlisting memberships from individuals and business firms whose financial well-being is tied directly or indirectly to cotton production. In West Texas, this includes practically all citizens.

RPCG is a non-profit organization, financed by volunteer payment of dues from the producers who contribute 15¢ per bale harvested; a cent a bale from ginners, half a cent a bale from compresses and warehouses and two cents a ton on cottonseed from oil mills. Due to the short 1967 crop the income from dues has not provided the funds necessary for the planned program for 1968-69.

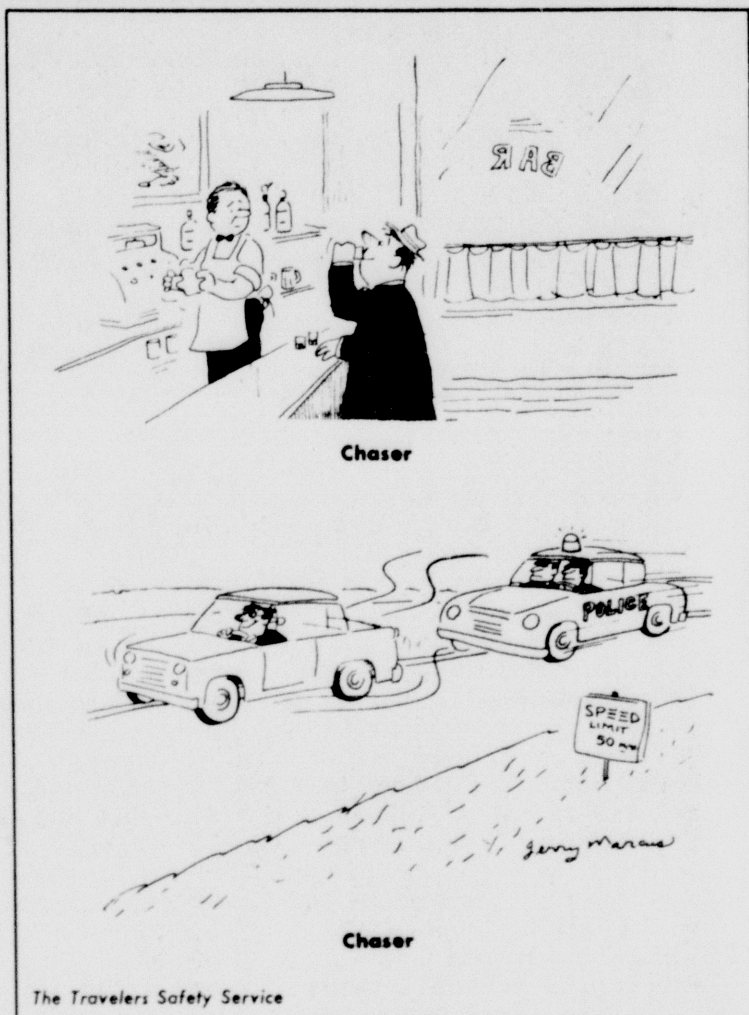

On July 1, Charles G. Bragg completed his first 8 months as Executive Vice President of the Rolling Plains Cotton Growers, Inc., a non-profit organization in 32 area counties devoted to the promotion of the cotton industry.

Bragg returned to Texas to take the RPCG job after 13 years service in the U. S. Department of Agriculture in writing the programs for cotton and peanut production in the U. S.

In the short span he has had with RPCG, Bragg said one of the major obstacles to promotion of cotton and related industries is the public's misconception of the government's subsidy programs.

## Attitudes &amp; Platitudes

Jerry Marcus

Driving after drinking is a major cause of highway accidents.

"Because of the dwindling rural population and the rapid growth of urban centers, producers of the nation's food and fiber are losing out on the number of friends they have in the U. S. Congress. Congressmen from the highly populated urban centers seek to reduce government aid to farmers and ranchers. They are even proposing a low ceiling, around \$10,000, on the amount of money a producer can earn in an effort to stabilize the nation's agricultural production and markets."

In discussing some of the issues relating to government subsidies, Bragg passed on some information gleaned from a paper written recently by Carl A. Clark, professor of Pastoral Ministry, Southwestern Seminary, Fort Worth, on the subject: "Government Subsidies."

"Clark writes: These days

I hear a great deal of complaint about the large tax cost involved in agricultural subsidies... it seems the U. S. government has had some kind of subsidy in certain segments of the population since its very beginning. "The first Congress enacted a tariff law to protect the industry of America. Also it set up a subsidy for the American Merchant fleet providing for a 10% reduction in customs duty and a tax tonnage for goods shipped in U. S. vessels."

"Between 1850 and 1871, railroads received 181 million acres of public lands... From 1827 to 1866 six million acres of public lands were granted for canal building and river improvements."

"Ocean and air transportation also has been heavily subsidized... for example, the private luxury liner USS United States, cost \$76 million, but \$40 million of this was provided by government subsidy... which is half the cost of the wheat program from its start until 1952."

"The Post Office Department has furnished estimates, which have been published by the House Appropriations Committee, as follows:

"Various magazines were subsidized in 1959 as follows: "Life Magazine, \$9 million; Saturday Evening Post, \$5 million; Reader's Digest, \$1 million; Look, \$3 million; Ladies' Home Journal, \$2 million; National Geographic, \$1 million; and Good Housekeeping, \$1 million. These 13 publications carry an estimated \$18 million subsidy in one year's time... indirectly it was an assistance to the businesses which advertised acres of public lands... in these magazines."

"It is interesting to note that the subsidies to business through postal deficits during a 12-year period, 1947 to 1959, have been equal to the total farm price-support cost for a 27-year period, 1933 to 1960."

## Dove Season To Open Here Noon, Sept. 1

AUSTIN — The interest in hunting in Texas took a big step forward last week as the Texas Parks and Wildlife Commission adopted seasons and bag limits for the 1968 hunting seasons in those counties under the regulatory responsibility of the Commission. As discussed in public hearings, the Commission closed the alligator season in all counties where they had authority to do so.

The mourning dove season in the north zone will be held for 60 consecutive half-days beginning on Sept. 1 through Oct. 30 in the north zone. South zone hunting will begin Sept. 21 and continue through Nov. 19 except in those counties having a white-winged dove season where it will be Sept. 1 and 2 and Sept. 7 and 8 and from Sept. 21 and Nov. 15.

Bag limits for mourning doves will be 12 per day and 24 in possession. Bag limits for white-winged doves is 10 per day and 20 in possession.

## NEWS FROM...

## Old Glory

By JUDY WHITE

Mr. and Mrs. Garrett Spitzer and Weldon, accompanied by Steve and Dale Lu Letz, attended the HemisFair and visited other points of interest in and around San Antonio last week.

Mrs. Tillie Dippel and Mrs. Bernice White vacationed in southeast Texas last week. They visited with relatives in Waco, Bellville, Sealy, Hempstead, and Bartlett.

Celia Ann and Jennifer Johnson of Blytheville, Ark., are here visiting their grandparents, Mr. and Mrs. B. R. Johnson.

Mrs. Bernice White and Mrs. Ben Klump visited with Mr. and Mrs. Jack Powers and children, who live near Abilene, and also Mr. and Mrs. John Gordon at Clyde last Sunday afternoon.

Mr. and Mrs. Charlie Letz have returned from Saskatoon, Sask. in Canada, where they visited their daughter and family, the O. D. Vanderworths. They accompanied another daughter and her family, Mr. and Mrs. Jerry Callicotte, Guy and Jill, of Monahans on the trip.

Sunday night guests in the home of Mr. and Mrs. Lynn Flowers were Mrs. W. A. Turner, Mr. and Mrs. J. C. King and Bill White all of San Angelo.

Mr. and Mrs. Beno Hertenberger visited their daughter and family, Mr. and Mrs. Jack Simmons and boys in Fort Worth last week.

Mr. and Mrs. Melvin Vahlenkamp and Mark of Dallas and Billie Ann Vahlenkamp of Seymour spent the weekend here with their parents, Mr. and Mrs. W. H. Vahlenkamp. Billie Ann stopped by after attending a two week training school for Home Demonstration agents at Lubbock.

Mr. and Mrs. Melvin Vahlenkamp had attended the HemisFair and left Mark here to spend the week with his grandparents.

Mr. and Mrs. J. C. Gholsen have had nephews from Abilene visiting in their home. Last week Timmy and Tat Rice visited them. This week Mack and Keeman Rice are here.

Patty Bradshaw is attending a Baptist Camp in Lueders this week. She is with a group

of young people from the First Baptist Church in Aspermont. Janis Houseworth of San Angelo spent last weekend here with her parents, Mr. and Mrs. Les Houseworth.

Mr. and Mrs. Bill Tipton received word of the death of their brother-in-law, Travis Cogburn, in Turlock, Calif., last week. He died of an apparent heart attack. Mr. and Mrs. Cogburn lived in this community a number of years ago. Survivors include his wife, Millie, two brothers, Tom of Haskell and Jess of Salina, Calif. Also a number of nieces and nephews.

**VARIETY CLUB**  
The last meeting of the Old Glory Variety Club with 7 members present was held in the home of Mrs. E. H. Diers. The group made plans for their annual club picnic to be held in August. The date for the picnic will be set when the club meets next in the home of Mrs. Lynn Flowers.

Mr. and Mrs. David Letz and family returned last week from a vacation trip to Colorado.

Mr. and Mrs. E. H. Diers visited in Austin last week with their daughter and family. Mr. and Mrs. Sam Cox and children.

Mr. and Mrs. R. L. Snider and son, Scotty, of Lubbock visited relatives here recently. Scotty stayed here to visit in the A. R. Sawyers home for a while.

Mrs. Bill Flowers and son Jeff visited her parents, Mr. and Mrs. T. J. Couch in Pecos last week.

Mr. and Mrs. W. O. Macon of Rule and their son, Carroll, of Dallas, and Phyllis Bounds, also of Dallas, visited in the home of Mr. Macon's sister, Mr. and Mrs. Lynn Flowers, last Saturday.

Mr. and Mrs. Dan True-love, Daniel and Tony met her brother and family, Mr. and Mrs. Billy Burt, Billy A., Vickie and Clay, of Anchorage, Alaska, and their parents, Mr. and Mrs. G. W. Burt of Midland at the parent's cabin at Colorado City Lake over the weekend.

Mr. and Mrs. Melvin Scott, Mr. and Mrs. Gene Scott and Melba Jean Scott vacationed at Ruidosa, N. Mex. last week.

## 500 KILOWATT HOURS PER BALE!

It takes about 500 kilowatts of electricity on irrigated land to convert a sack of cottonseed into a bale of cotton. There's irrigation water to be pumped, plus ginning and compressing. Electricity is needed for de-linting, grinding cottonseed hulls and pressing cottonseed for oil.

This is just one important area in which the member-owned Midwest Electric Cooperative contributes substantially to the rural economy. The low-cost dependable electric supply furnished by the Midwest Electric Cooperative also attracts commercial and industrial establishments to the rural area helping stimulate the rural economy. The Midwest Electric Cooperative is building a brighter tomorrow today and Helping Texas Grow.

AUSTIN — Texas Liquor Control Board is studying new regulations for private clubs where "spirits" are sold.

Members won't reveal the recommendations that were submitted to them by Acting Administrator O. N. Humphreys Jr. until after careful study.

Last set of regulations banning cash sales in the clubs and curbing the issuance of guest cards by manager-members was knocked out by a district court order in May.

Humphreys termed the new rules "workable" but "not rigid."

Meanwhile, he submitted a long report on the steps taken to restore public confidence in the LCB which has been hard hit on investigation of irregularities.

Humphreys detailed steps taken to upgrade personnel and improve administration, case handling and record keeping.

At their July 18 meeting, the board also:

Approved retirement for LCB Enforcement Chief A. R. Cartledge and named as his temporary replacement Don Fishell, 39.

Announced that a permanent successor to resigned Administrator Coke Stevenson Jr. will be appointed in 30 to 60 days.

Acknowledged that Stevenson told members he had received an expensive watch as a gift but they did not question his acceptance of it.

Reported law enforcement activities and collections are on a substantial increase over last year.

"The future looks good," commented Chairman W. D. Noel of Odessa, who is scheduled to step down soon after 16 years of service.

**TAX BILL LAW** — Now there's no way of paying those new taxes approved by the Legislature in special session. Gov. John Connally has signed into law the bill which is designed to raise \$160.2 million for 1969 state operations. It's effective October 1, and here's what it does:

Raises the general sales and auto sales tax rates from two to three per cent statewide. In cities which levy 1% local option sales taxes the rate will be four per cent. (No change was made in exemptions).

Increases the corporation franchise tax rate (collectible May 1) from \$2.25 to \$2.75 per \$1,000 of taxable capital, surplus and undivided profits. Portion of the franchise tax on corporate debt will be reduced from \$2.25 to \$2.00 in 1969 and phased out by 1973.

**TOURIST RECORD IN MAKING** — Tourist travel is expected to far surpass all previous records this year, according to State Highway Department's travel and information division soundings.

One Highway Department travel bureau on Interstate Highway 10 near Orange reported "customers" for first half of 1968 more than doubled total for January-June 1967. Ninety per cent of the visitors were on their way to HemisFair in San Antonio.

All eight established bureaus run by the Highway Department reported big increases. Total services went up 14.2 per cent for the first half of this year compared with the same period in 1967. Travel and information division said its mail inquiries are up 27 per cent.

Last year Texas was visited by 20.6 million persons who spent \$1.2 billion. This was an eight per cent increase in visitors over 1966, and an 11 per cent jump in spending.

**COURTS SPEAK** — Atty. Gen. Crawford Martin has urged the U. S. Supreme Court to reconsider its decision that the Texas tidelands boundaries must be measured from 10.3 miles of shoreline as it existed in 1845, without regard to recessions.

State Supreme Court reversed an \$862,000 verdict favoring foreign car dealers. They had sued the city of Houston for flood damage to autos, claiming inadequate drainage.

High court set October 16 for review of the lower court orders directing a charter be granted to Mission Savings and Loan Association, San Antonio.

Court said National Surety

Corporation has a valid judgment of \$18,237 against the Friendswood Independent School District, Galveston County, but cannot collect.

It ordered a new trial in a Hansford County landowner's suit against a professional wheateutter whose truck started a fire in his field.

Third Court of Civil Appeals held that the State Board of Education could order a hearing on the appeal of a Lumberton school superintendent who was fired by a local board.

Third Court directed a new trial in a case involving disannexation of 550 acres of land from Temple.

**ATTORNEY GENERAL RULES** — City cannot force on a landowner higher air control standards than those set by State Air Control Board. Attorney General Martin has held.

In other recent opinions, Martin concluded that:

A Texan is qualified to vote in a local liquor election if he resided in the state a year, the county six months before election and is a resident of the city where the election is held.

Dallas County Hospital District has no authority to build and operate a crime laboratory.

State Insurance Commissioner has authority to release a surety bond on an insurance company that is in receivership when all claims are satisfied and when the one-year statutory time limit is satisfied.

Board of Vocational Examiners cannot vary fees set by state law.

Plaintiff could not recover for faulty workmanship, labor and materials and / or negligence under a surety bond required by the Water Well Drillers Act.

**APPOINTMENTS ANNOUNCED** — Dr. Bevington A. Reed, 52, was named to succeed Dr. Jack K. Williams as Texas Commissioner of Higher Education effective September 1.

Lt. Gov. Preston Smith named three senators to a new committee to study state park needs: Joe Christie of El Paso, Dorsey Hardeman of San Angelo, Roy Harrington of Port Arthur, Charles Herring of Austin, Don Kennard of Fort Worth, Bruce Reagan of Corpus Christi and Murray Watson Jr. of Waco.

State Republican Chairman Peter O'Donnell Jr. designated Jim Campbell of Pampa as acting deputy state GOP chairman for the Panhandle-Northern Texas Region V, temporarily replacing Bryce V. Beard, Amarillo. O'Donnell appointed Mrs. Pierce P. Langford Jr. of Wichita Falls Region V as deputy state vice-chairman.

**OPERATION YOUTHLIFT** — August has been declared by Governor Connally as Youth Month at HemisFair.

Ben Barnes, Speaker of the Texas House of Representatives, heads a statewide committee to organize special youth excursions to the Fair. He is meeting with youth leaders in key cities of Texas to plan the August trips.

Special low-cost, package-plan excursions, including overnight accommodations in San Antonio, have been developed by HemisFair to tie in with the program.

Any youth group in Texas desiring to participate in "Operation Youthlift" should contact HemisFair headquarters or the Speaker's office at the state capitol.

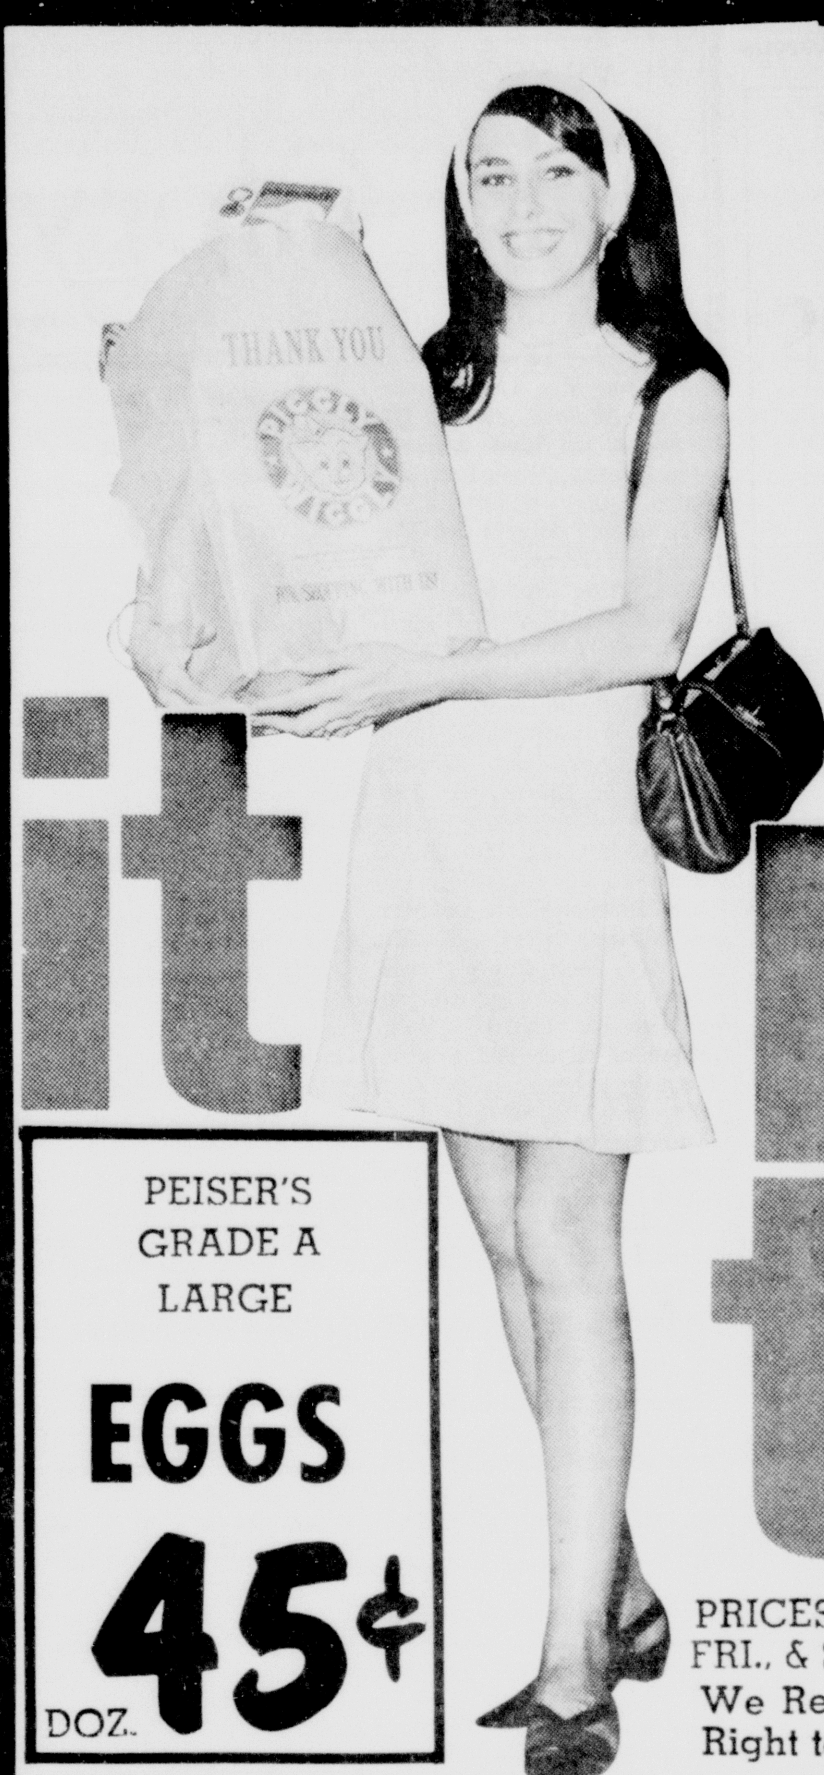

**SHORT SNORTS** — New \$7 million bond issue has been sold to aid Texas college students needing tuition loans.

First court penalty — \$10,000 — has been directed against a chemical company accused of polluting the air near Galena Park.

Governor Connally approved \$1.683 regional planning grants to aid Lubbock Metropolitan Council of Governments and Smith County-Tyler COG benefitting Tyler, Arp, Bullard, Lindale, Troup, Whitehouse and Winona.

Veteran University Inter-scholastic League Director Rodney J. Kidd will go on modified service September 1, as UIL scholarship program head.

A charred strand of cotton was the carbon filament in the first light bulb.
